## T1 PAYMENTS - CARD PAYMENT PROCESSING AGREEMENT

**3. Merchant Verification Procedures.** To help the government fight the funding of terrorism and money laundering activities, best practice requires all financial institutions to obtain, verify, and record information to identify each Merchant that opens an account. Such verification procedures may include credit checks (such as by obtaining a credit report from a credit bureau) on Merchant's owner(s), partners and/or principal shareholders, as well as background investigations and reference checks; validating business address, licenses, permits and other information; and investigation of Merchant's previous processing relationships, if any. Recipients of such associated personal data may include T1 Payments, the applicable bank, T1 Payments' third party processors, the Payment Brands, and/or each of their agents and employees, and such other persons as it may be reasonably necessary to disclose and transfer personal data to (for example credit reference agencies, fraud monitoring agencies, central banks), and any other persons as otherwise required or permitted by applicable law and/or regulations. Such transfer and disclosure of personal data may take place worldwide consistent with T1 Payments' obligations under applicable law. Merchant hereby authorizes T1 Payments and any of its agents to conduct such verification and investigation procedures regarding Merchant and any other person owing financial obligations to T1 Payments hereunder.

### **4. Merchant Obligations.**

**4.1 Honor All Cards.** Merchant's payment transactions will be processed by T1 Payments pursuant to the terms of this Agreement, Payment Brand Rules, program rules and policies of its third party processors, and all applicable laws and regulations. Merchant, whether dealing with the public or otherwise, shall honor all valid Cards (as permitted under this Agreement) when properly presented as payment in connection with a legitimate business transaction.

**4.2 Prohibited Transactions.** Merchant will not engage in any of the following prohibited conduct or Card transactions: (i) accept Cardholder payments for previous Card charges incurred at the Merchant location; (ii) establish minimum or maximum amounts for Card charges or credit vouchers unless required or permitted by the Payment Brand Rules; (iii) impose any surcharge or convenience fee on Card charges or transactions as prohibited by the Payment Brand Rules; (iv) request or use a Cardholder account number for any purpose other than as payment for Merchant's goods or services; (v) disburse funds in the form of travelers cheques or other non-cash media, if the sole purpose is to allow a Cardholder to make a cash purchase of goods or services from Merchant; (vi) require a Cardholder to provide fingerprints or other personal information, such as address, license, telephone number or social security number as a condition for honoring a Card unless required by the Payment Brand Rules; (vii) accept Cards for transactions that are classified as "Quasi-Cash Transactions" including, but not limited to, the sale of casino gaming chips, money orders, opening deposits on financial or other accounts, wire transfer money orders, or the issuance of scrip; (viii) accept a Card to collect or refinance an existing debt including any debt that has been deemed uncollectible by Merchant; (ix) accept a Card that represents collection of a dishonored check; (x) require a Cardholder, as a condition of honoring a Card, to sign a statement that waives the Cardholder's rights to dispute the transaction with

the Card Issuer; (xi) submit a Card transaction for a Card bearing the account number of an account issued to Merchant or to a Merchant related entity or individual; (xii) conduct any continuity or recurring billing of a Card without satisfying the complete requirements of the Payment Brand Rules and/or all other laws, rules and regulations regarding negative option billing applicable in the jurisdiction where Merchant is located, or where the Cardholder submitting the Card for payment is located or resides; (xiii) engage in any unfair or deceptive business practice related to any Card transaction that would violate any consumer protection law applicable in the jurisdiction where Merchant is located, or where the Cardholder submitting the Card for payment is located or resides; (xiv) engage in fraud; or (xv) engage in any other business practice related to a Card transaction that is illegal, or may reflect negatively upon and/or damage the goodwill of T1 Payments and/or the Payment Brands, as determined by any of them in their sole discretion. Merchant acknowledges that Merchant shall be fully responsible for any violation of this Section by any employee, agent or representative of Merchant.

**4.3 Authorization.** Before honoring any Card, Merchant shall request authorization from T1 Payments via the T1 Payments' API or the T1 Payments control panel, as designated by T1 Payments. If authorization is denied, Merchant shall not complete the transaction. Merchant may request but must not require a Cardholder to provide additional identification information as a condition of Card acceptance, unless such information is required to complete the transaction, such as for shipping purposes, or T1 Payments or Payment Brand Rules specifically permit or require such information to be collected. Merchant may require the Cardholder's ZIP or postal code to complete a transaction where Address Verification Service (AVS) is available for the transaction.

**4.4 Cardholder Disputes.** Merchant must respond to Cardholder disputes and handle Chargebacks in accordance with the Payment Brand Rules. All disputes between Merchant and any Cardholder relating to any Card transaction shall be settled between Merchant and such Cardholder. Merchant acknowledges that T1 Payments has no legal relationship with the Cardholders and shall not enter into any negotiations, correspondence or disputes with Cardholders with regards to any transaction processed under this Agreement. Cardholder complaints, inquiries, Refunds and Chargebacks regarding Merchant's services may be cause for termination of this Agreement by T1 Payments if such events occur with unacceptable frequency as determined in T1 Payments' sole discretion.

**4.5 Merchant URLs.** Merchant must provide T1 Payments a complete list of all marketing and advertising URLs used by Merchant at the time of completing the Merchant Services Application for compliance review by T1 Payments, and thereafter promptly upon any request by T1 Payments. It is Merchant's responsibility to update these initial disclosures on an ongoing basis and notify T1 Payments of any new URLs for compliance review prior to accepting live transactions. Merchant acknowledges and agrees that T1 Payments may require any changes to Merchant URLs or otherwise as T1 Payments deems necessary or appropriate to ensure that the Merchant remains in compliance with Payment Brand Rules and applicable law. Notwithstanding any prior approval of any Merchant URL, T1 Payments reserves the right to require a Merchant to make changes to a previously approved URL if T1 Payments subsequently determines that any portion thereof may or does violate the Business Risk Assessment Mitigation ("**BRAM**") program, or any other provision of the Payment Brand Rules or applicable law. Merchant shall not submit any transaction flowing from a non-approved URL to T1 Payments for processing under any circumstances. Any violation of this Section by Merchant

(including any change or addition to the content to a URL, even if the URL is offline and inactive) shall be a material breach hereunder, and may result in immediate suspension of Services and/or termination of this Agreement by T1 Payments.

**4.6 Other Merchant Information.** Merchant is responsible for providing information that is timely, complete, truthful, and not misleading. If Merchant provides any false or misleading information, or misrepresents its business, ownership, number of employees, address, products or services to T1 Payments in any way in connection with this Agreement or the Services provided hereunder, such conduct may constitute a criminal offense, and shall constitute a material breach and good cause for immediate termination of this Agreement by T1 Payments, and may also result in the withholding of payments otherwise due to Merchant as additional Reserves in an amount sufficient to cover the anticipated risk of loss to T1 Payments arising from the misrepresentation(s). Merchant agrees to notify T1 Payments within two (2) business days of any changes in Merchant's ownership, address, financial condition, or business activities (including any change in the products or services offered by Merchant), and any other changes or developments related to Merchant or Merchant's business (including any regulatory investigation or action) that could materially affect T1 Payments' rights under this Agreement. Merchant further agrees that, if at any time, Merchant learns that it is the subject of any civil or criminal investigation or action regarding Merchant's business, products, services or other activities, by local, state or federal authorities, or has violated any local, state or federal laws, rules or regulations, Merchant shall inform T1 Payments within two (2) business days of the date that Merchant learns about said investigation or violation. Any failure by Merchant to so inform T1 Payments within such timeframe shall be a material breach and good cause for the immediate termination of this Agreement by T1 Payments.

**4.7 Confidentiality of Cardholder Information and Data Security Standard Compliance.** Except as otherwise required by law, Merchant shall not, without the Cardholder's and T1 Payment's prior written consent, sell, purchase, provide, or otherwise disclose the Cardholder's account information or other Cardholder information to any third party other than T1 Payments, Merchant's agents and processing organizations for the purpose of assisting Merchant in its business, or in response to a valid government demand. Merchant shall comply with all applicable Payment Card Industry Data Security Standards (PCI-DSS) and Payment Application Data Security Standards (PA-DSS), the Visa Cardholder Information Security Program, the MasterCard Site Data Protection Program, and any other program or requirement that may be mandated by the Payment Brands at all times. This Section shall survive termination of this Agreement.

### **5. Fees Payable by Merchant.**

**5.1 Service Fees.** T1 Payments may modify the Service Fees at any time during the term of this Agreement upon thirty (30) days prior written notice to Merchant, and Merchant shall have fifteen (15) days from its receipt of such notice to terminate this Agreement as of the effective date of the proposed amendment by providing written notice to T1 Payments of such decision; provided, however, that Merchant's continued use of the Services without notifying T1 Payments of Merchant's decision to terminate the Agreement within fifteen (15) days receipt thereof shall be deemed acceptance of the modified Service Fees.

**5.2 Penalties by Payment Brands.** Merchant shall be responsible for paying any and all Penalties assessed by the Payment Brands and applicable bank against T1 Payments related to Merchant's activities or the processing of Merchant's Card

transactions, plus 20% of such Penalties as an administrative fee in communicating with the Payment Brands and managing the delivery of documents and other information related to the Merchant as may be requested by the Payment Brands. Merchant acknowledges and agrees that T1 Payments may refuse to share any documentation, correspondence, or other information received by T1 Payments from the Payment Brands relating to such Penalties that T1 Payments, in its sole and absolute discretion, deems confidential.

### **5.3 Liquidated Damages for Violation of Monthly CB Threshold.**

Merchant's Chargeback activity must remain below the Monthly CB Threshold, and Merchant acknowledges and agrees that any Chargeback activity in excess of the Monthly CB Threshold shall be deemed excessive, may cause T1 Payments and Merchant to incur Penalties, and shall constitute good cause for immediate termination of this Agreement by T1 Payments. If Merchant violates the Monthly CB Threshold in a given month, Merchant shall be subject to liquidated damages calculated at the rate of US\$100 per Chargeback and/or Retrieval accrued by Merchant during the applicable month, which shall be in addition to any Penalties assessed by the Payment Brands or applicable bank and any other Service Fees including Chargeback fees.

**5.4 Liquidated Damages for Breach.** Any breach by Merchant of any representation, warranty, covenant or obligation of Merchant under this Agreement, including violating the Monthly CB Threshold, disparagement, committing fraud or breaching any Payment Brand Rules or applicable laws, that causes T1 Payments or its Affiliates to, directly or indirectly, lose a customer account, lose any Payment Brand relationship or any relationship with its third party processors or cause T1 Payments or its Affiliates to get listed on the Terminated Merchant File and/or the Merchant Alert to Control High Risk Merchants File, then Merchant agrees to pay T1 Payments, within three (3) calendar days of written demand by T1 Payments, liquidated damages equal to US\$1,000,000, which shall be in addition to any Penalties assessed by the Payment Brands, applicable bank or third party processors, any other Services Fees including Chargeback fees, and any other damages or losses which T1 Payments may be able to prove. Merchant and T1 Payments agree that the actual damages to T1 Payments resulting from Merchant's actions that would impose this US\$1,000,000 liquidated damages amount would be extremely difficult to calculate with precision, and would likely exceed such liquidated damages amount, wherefore the parties hereto agree that the liquidated damages calculation provided for herein represents a good faith, reasonable estimate of the potential actual damages to T1 Payments for such a violation, and does not constitute a penalty.

**5.5 Liquidated Damages for Aggregating Transactions.** Merchant is strictly prohibited from submitting to T1 Payments for processing any Card transaction other than a bona fide Card transaction between the Cardholder and Merchant or from submitting Card transactions from any URL that is not approved by T1 Payments in writing. Merchant shall not submit, directly or indirectly, any Card transaction to T1 Payments on behalf of another person or business, or which is not a bona fide Card transaction between the Cardholder and Merchant for Cardholder's purchase of products or services directly from Merchant. Any violation of this Section shall constitute a material breach and may result in immediate termination of this Agreement. In the event Merchant violates this Section, Merchant agrees to pay T1 Payments, within three (3) calendar days of written demand by T1 Payments, liquidated damages to be determined by multiplying either (a) the total monthly Service Fees paid by Merchant in the month preceding the violation, or (b) the average monthly Services

## T1 PAYMENTS - CARD PAYMENT PROCESSING AGREEMENT

Fees paid by Merchant in the three (3) month period preceding the violation, whichever is greater, by (c) six (6), or the number of months remaining in the active term of the Agreement, whichever is greater, and US\$200,000 per URL that Merchant has not submitted to and received approval from T1 Payments in writing. Merchant and T1 Payments agree that the actual damages to T1 Payments resulting from Merchant's non-compliance by aggregating transactions or submitting transactions from URLs not approved by T1 Payments in writing would be extremely difficult to calculate with precision, and would likely exceed such liquidated damages amount, wherefore the parties hereto agree that the liquidated damages calculation provided for herein represents a good faith, reasonable estimate of the potential actual damages to T1 Payments for such a violation, and does not constitute a penalty. Such liquidated damages are in addition to and separate from any Penalties that may be assessed by the Payment Brands, applicable bank or third party processors related to violation of this Section and any other Service Fees including Chargeback fees.

**5.6 Technical Assistance from T1 Payments.** In the event Merchant requires technical assistance (including but not limited to phone and email support) from T1 Payments' technicians that is outside the normal scope of technical support provided in connection with the Services, T1 Payments may elect in its sole discretion to bill Merchant for such technical support services on an hourly basis at its then-standard hourly rate for such services as part of the monthly Services invoice to Merchant.

**5.7 Monthly Maintenance Fee.** Each month, T1 Payments shall deduct a service maintenance fee from the Merchant's Operating Account, and is payable regardless of Merchant's processing volume. This monthly service maintenance fee shall commence on the date the Merchant Services Application is approved, even if the Merchant's account is not activated at the time of the application's approval.

**5.8 Other Services.** From time to time, T1 Payments may wish to offer additional services to Merchant. T1 Payments will provide Merchant with written notice of such additional services at least thirty (30) days before their implementation, and Merchant hereby agrees that Merchant's continued use of the Services without terminating this Agreement as of the effective date of the proposed additional services within fifteen (15) days after Merchant's receipt thereof shall be deemed acceptance by Merchant of such additional services and related Service Fees.

### 6. Payment to Merchant.

**6.1 Account Activation.** Merchant must fully comply with T1 Payments' set up requirements, including proper configuration and troubleshooting of the Application Program Interface ("API") prescribed for Merchant's use by T1 Payments, in order to enable the activation of Merchant's processing by T1 Payments.

**6.2 Timing and Calculation of Payment.** T1 Payments will deliver payment of amounts owing to Merchant as promptly as is practicable after processing, subject to T1 Payments' rights to offset and holdback sums due to Merchant or collected from Merchant's sales as set forth in this Agreement. The payment due to Merchant is equal to the sum of Merchant's Total Revenues during the specified time period along with any Reserve due to be released minus the sum of: (a) the sum of all Chargebacks/Retrievals processed during the period, (b) the sum of all Refunds processed and requested during the period, (c) the applicable Reserve and any increases in the Reserved, (d) the applicable Service Fee, and (e) all other fees, fines, Penalties, taxes and other items reimbursable hereunder or otherwise occurring during the period, including but not limited to any offsets and holdbacks permitted hereunder as determined solely by T1 Payments.

during a particular period. To avoid this, Merchant must promptly notify T1 Payments of such an increase in volume so that T1

**6.3 Method of Payment.** T1 Payments may make payment to Merchant via ACH or wire transfer to Merchant's Operating Account, and shall issue a charge against Merchant's Operating Account for such ACH or wire transfer fee. T1 Payments shall have no obligation to issue payment if the amount due Merchant for the applicable billing cycle is less than the amount specified in the Merchant Services Application. Any outstanding balance not credited to Merchant shall roll over to Merchant's next billing cycle, if appropriate. Merchant authorizes T1 Payments to deposit amounts owed Merchant by initiating credit entries to Merchant's financial institution indicated on the form submitted to T1 Payments. Merchant further authorizes Merchant's financial institution to accept and credit any entries indicated by T1 Payments to Merchant's Operating Account. In the event that T1 Payments erroneously deposits funds into Merchant's Operating Account, including as payment for transactions that subsequently result in Chargebacks/Retrievals or are otherwise subsequently contested, Merchant authorizes T1 Payments to debit Merchant's Operating Account for an amount not to exceed the original amount of the erroneous credit, and Merchant shall be liable for any deficit in the amount available for debit. This authorization shall remain in full force and effect until Merchant has satisfied all payment obligations due to T1 Payments under this Agreement, and provided both T1 Payments and Merchant's financial institution with proper notice of the termination of this Agreement.

**6.4 To Whom Payment May Be Made.** T1 Payments will only direct payments due to Merchant hereunder to accounts held in the name of Merchant, the owner or parent company of Merchant, or Merchant's registered fictitious name (also known as "Doing Business As" ("DBA") name).

**6.5 Set-Off Rights.** Merchant acknowledges and agrees that T1 Payments shall have the right in its sole discretion to offset any amounts owed by Merchant to T1 Payments under this Agreement against amounts otherwise payable to Merchant. Merchant shall have no right to withhold or offset payments against any amounts owed by Merchant to T1 Payments under this Agreement.

**6.6 Tax Identification Number.** A valid social security number, Employer Identification Number, or International Taxpayer Identification Number will be required in the enrollment process as a condition of making payment to any individual citizen or resident of the United States, domestic corporation, partnership, or limited liability company, or foreign company doing business in the United States.

**6.7 Anti-Money Laundering Controls.** T1 Payments reserves the right to require Merchant to furnish T1 Payments with such additional information concerning Merchant's business or its ownership as may be necessary to assure T1 Payments' compliance with the laws of any state or the United States or any other applicable jurisdiction concerning money transfer, money laundering, or similar subject. T1 Payments may refuse to provide Services, or withhold payments to Merchant, without liability, if Merchant does not promptly furnish T1 Payments with information requested hereunder or if T1 Payments reasonably suspects that such conduct may be in violation of relevant law.

**6.8 Insecurity Acknowledgement.** T1 Payments may withhold payment to Merchant or prohibit Merchant's withdrawal of funds then on deposit with T1 Payments and increase the Reserve percentage and holding times for Reserves for any reason in its sole discretion, including but not limited to any of the following reasons:

(A) T1 Payments is suspicious of any transaction records;

(B) Merchant's volume of sales exceeds a stipulated amount, agreed upon amounts or amounts that are typically generated

Payments may confirm the acceptable limits;

(C) Merchant's average ticket amount exceeds a stipulated

amount;

(D) Merchant fails to authorize a transaction;

(E) Excessive Chargeback activity by Merchant;

(F) For any other reason, including but not limited to Penalties that T1 Payments anticipates may be, assessed against T1 Payments based on Merchant's violation of Payment Brand Rules and/or breach of this Agreement.

**7. Security Interest.** To secure all obligations of Merchant to T1 Payments arising from this Agreement, Merchant hereby grants T1 Payments a first lien security interest in all deposits, regardless of source, to Merchant's Operating Account, and all amounts related to Merchant's processing activity in the possession or control of T1 Payments or the applicable bank, including Merchant receivables and Reserves held by such bank in connection with this Agreement. T1 Payments may exercise its rights under this security interest without notice or demand of any kind by making an immediate withdrawal from such operating account, the processing proceeds otherwise due Merchant, and/or the Reserve Account, upon T1 Payments' determination that Merchant has breached any obligation to T1 Payments, and such rights shall be in addition to all other rights of T1 Payments under this Agreement. Merchant agrees to execute any control agreements or other documents, and to perform any other action, required in order to comply with and perfect the security interest. Anytime there is an obligation owing from Merchant to T1 Payments, T1 Payments may offset any such amounts against any deposit balances or other money now or hereafter owed Merchant by T1 Payments without notice or demand of any kind. The security interests granted under this Agreement shall survive termination of this Agreement until Merchant satisfies all obligations to T1 Payments.

## **8. Merchant Reserves.**

**8.1 Reserve Account.** T1 Payments will withhold a percentage of Merchant's Total Revenue as a Reserve as set forth on the Merchant Services Application or otherwise agreed to by the parties. The Reserve shall be applied towards Chargebacks, Retrievals and Refunds related to the Services, and other amounts owed to T1 Payments, including Service Fees, Penalties, liquidated damages, indemnification obligations, and other charges. Merchant authorizes T1 Payments to debit the Merchant's Operating Account to replenish or maintain Reserves. Additionally, T1 Payments may withhold funds it would otherwise be obligated to pay to Merchant for the purpose of replenishing or maintaining the Reserves. Merchant acknowledges and agrees that funds deposited by or on behalf of Merchant into the Reserve Account will remain identifiable to Merchant, but may be commingled with reserve funds attributable to other merchants. The Reserve Account will be maintained for a minimum of nine (9) months after the last Card sales, Refund or Chargeback processed under this Agreement, plus the period of any warranty, guarantee, and/or return policy on goods and/or services sold, or until such time as T1 Payments determines that the release of the funds to Merchant is prudent, in the best interest of T1 Payments, as determined by T1 Payments, and commercially reasonable based on anticipated risk of loss to T1 Payments, the applicable bank, its third party processors and the Payment Brands. The provisions of this Agreement relating to account debits and credits apply to the Reserve Account and survive this Agreement's termination until T1 Payments terminates the Reserve Account. Any balance remaining after Chargeback rights have expired and all of T1 Payments' other anticipated expenses, losses and damages have been paid will be disbursed to Merchant.

**8.2 Authorization; Reserve Deficiency.** T1 Payments may, without notice to Merchant, apply Merchant Reserves against any outstanding amounts Merchant owes under this Agreement or any

other agreement between Merchant and T1 Payments. T1 Payments may exercise its rights under this Agreement to collect any amounts due to T1 Payments including, without limitation, rights of set-off and recoupment. Merchant will deposit any deficiency in Reserves into the Reserve Account within three (3) business days after receiving T1 Payments' oral or written request for replenishment of Reserves. Without limiting T1 Payments' remedies, Merchant's failure to deposit any deficiency on time will permit T1 Payments, without advance notice, to suspend or cease processing additional charges or refunds.

**8.3 Reserve Increase.** T1 Payments may increase the Reserve at any time for any reason in its sole discretion, including but not limited to any determination by T1 Payments that Merchant's processing activity is outside of the risk parameters indicated by Merchant on the Merchant Services Application, and/or based on any other factor, in order to protect T1 Payments and its agents against potential claims, liabilities, losses and/or expenditures associated with Merchant or Merchant's activities. Notwithstanding the foregoing, T1 Payments shall not be obligated to apply deposits from the Reserve Account to satisfy such amounts, and may instead require prompt payment, indemnity and/or contribution directly from Merchant. Merchant's obligations under this Section shall survive termination of this Agreement.

**8.4 Reserves After Termination.** T1 Payments may continue to hold or deposit funds as Reserves into the Reserve Account after termination of this Agreement. Upon termination of this Agreement (whether by Merchant or T1 Payments), T1 Payments may retain sufficient funds to satisfy any and all amounts then owed, or that may be owed in the future, by Merchant to T1 Payments under this Agreement, including but not limited to Service Fees, Chargebacks, Refunds, Credits, Penalties, liquidated damages pursuant to Sections 5.3, 5.4 or 5.5, indemnification obligations, and any other charges. T1 Payments may withhold or require Merchant to deposit additional funds into the Reserve Account upon termination of this Agreement, and Merchant's obligation to replenish Reserves upon request by T1 Payments shall survive termination of this Agreement.

**8.5 Increase of Reserves After Termination.** Upon termination of this Agreement, regardless of whether terminated by T1 Payments or Merchant, the funds currently held by T1 Payments consisting of the Reserve Account AND funds processed but not yet released (days in arrears), will be converted into the Reserve Account for the duration specified in Section 8.1.

**9. Representations and Warranties.** Merchant represents and warrants to T1 Payments at the time of execution and throughout the term of this Agreement that:

(A) All information contained in the Merchant Services Application and any other documents delivered to T1 Payments in connection therewith is true and complete and properly reflects Merchant's business, address, financial condition and principal partners, owners or officers;

(B) Merchant has the power to execute, deliver and perform this Agreement, and this Agreement is duly authorized and does not and will not violate any provisions of any applicable law or regulation to which Merchant is subject;

(C) Merchant has all licenses required to conduct its business and is qualified to do business in every jurisdiction where it is required to do so, and does not sell any goods or services prohibited under the laws of the jurisdiction in which Merchant is located, or any jurisdiction in which Merchant offers goods or services to consumers;

(E) Merchant provides consumers with all disclosures and other information required by consumer protection laws applicable in the jurisdiction in which Merchant is located and in which Merchant offers goods or services to consumers;

(F) Merchant respects the intellectual property rights of third parties and does not and will not infringe such rights in any way and upon becoming aware of any infringement of such rights will immediately terminate such infringement;

(G) There is no action, suit or proceeding now pending or to Merchant's knowledge, threatened by or against or affecting Merchant that would substantially impair its right to continue its business or adversely affect its financial condition or operations;

(H) Each transaction presented to T1 Payments for collection is genuine, is the result of a bona fide Card transaction for the purchase of goods or services by the Cardholder in the total amount stated on the sales draft, and is not the result of any fraudulent transaction, or being deposited on behalf of any business other than Merchant;

(I) Merchant has performed or will perform all of its obligations to the Cardholder in connection with the Card transaction, including but not limited to accepting responsibility for the acceptance of a Cardholder order, its fulfillment in an agreed upon manner, and all material warranties, guarantees and order commitments;

(J) Merchant has complied with T1 Payments' procedures for accepting cards and the Card transaction does not involve any element of credit or debit for any purpose other than as set forth in this Agreement and shall not be subject to any defense, dispute, offset or counter claim which may be raised by any Cardholder;

(K) Any Credit that Merchant issues represents a bona fide refund or adjustment on a Card sale by Merchant with respect to a transaction that has been accepted;

(L) Unless Merchant notifies T1 Payments in writing (either on the Merchant Services Application or otherwise), no other processing relationship exists between Merchant and another Card payment processing institution for this or any other business run or owned by Merchant;

(M) With respect to all Card transactions that Merchant requests T1 Payments to originate, Merchant continuously represents and warrants to T1 Payments that: (i) each customer has authorized the debiting and/or crediting of its account; (ii) each entry is for an amount the customer has agreed to; and (iii) each entry is in all other respects properly authorized; and
